Connecting you to your community

As part of a nine-month pilot program, Community Bus service along the **400 Lawrence Manor** and **404 East York** routes has been expanded. The hours of service have been extended and additional stops have been included. The pilot will run until June 2018 and service changes will remain in effect until a review of the pilot is complete.

Boarding the Community Bus

Community Bus serves regular bus stops and can be flagged down at any point along the route. The Community Bus route number is located on the bus stop pole in grey. Customers are encouraged to come to the bus stop or curb a few minutes before the bus is expected to arrive. This will ensure the driver has ample time to see you and stop the vehicle so you can board.
